Aspiring Computer Science student seeking opportunities to apply my programming, analytical, and problem-solving skills in real-world projects, contribute to organizational growth, and gain hands-on experience from industry professionals.

Education

Rajiv Gandhi University of Knowledge and Technologies, RK Valley — *2022 – Present*
B.Tech in Computer Science and Engineering — *CGPA: 8.92*

Rajiv Gandhi University of Knowledge and Technologies, RK Valley — *2020 – 2022*
Pre-University Course (+2 Years) — *CGPA: 9.79*

Sri Sarada Vidya Mandir School, Peddamallepalli — *2019 – 2020*
10th Standard — *CGPA: 10.0*

Technical Skills

Languages	Java
Web Technologies	HTML,CSS,React, Node.js, Express.js
Databases	SQL, MongoDB
Tools	Github,VSCode
Soft Skills	Teamwork, Communication Skills, Management Skills

Projects

Smart Donation Management System (MERN Stack)

- Built a donation management system with role-based access to streamline donation collection, management, and distribution efficiently.
- Developed scalable backend APIs and dashboards to manage donations, requests, and user interactions efficiently.
- Enabled donation tracking,campaign management,and orphanage donation monitoring.

Community Skill Exchange Platform (MERN Stack)

- Built a MERN-based skill exchange platform with real-time chat, voice/video calling, and seamless user interaction.
- Integrated Groq AI for personalized learning roadmaps and implemented secure authentication using JWT.
- Implemented real-time features using Socket.IO, along with event management, activity feed, and notifications to enhance user engagement.

Certifications

- Completed a MERN stack course at webstack academy.
- Completed a workshop on **Data Structures and Algorithms (Linked Lists)** in ExcelR.
